

## Combinatorial Mathematics Society of Australasia

### Support for students to attend the ACCMCC/ICC

The CMSA has a limited amount of funding available to support students who wish to attend the annual ACCMCC (or ICC) conference and present a paper, and who reside outside the capital city or region in which the conference is being held.

The total amount of funding available may be changed by CMSA Council from year to year.

This support (together with the CMSA prize for best student talk) is designed to encourage active participation at the ACCMCC conferences by students at Honours, Masters or PhD level. Applicants must be currently enrolled or, in the case of PhD students, must have submitted their PhD no more than 3 months before the starting date of the conference.

*Supervisors, please note: the CMSA has a limited amount of funding available for student travel support, and would like to prioritise funding for students who may not otherwise be able to attend the conference. Please consider using funding from your grants or your school/department as a first option to fund travel costs for students. Student should only apply for CMSA funds when they would otherwise be out of pocket.*

Students who apply for funding will be awarded an amount which depends on the number of applications received, up to a maximum of

- AUD \$200 for students resident in Australia, but not in the Brisbane region or Western Australia,
- AUD \$400 for students resident in Western Australia, in New Zealand, or in a developing country.

#### **Due date:**

Applications must be submitted by the deadline of TWO MONTHS before the start of the conference: that is, by Wednesday 7 October 2015. **Preference may be given to early applications.**

Decisions made by the CMSA Council regarding funding are final.

Successful applicants will be reimbursed during the conference, in a manner to be determined by CMSA Council and the conference organisers.

#### **Application process:**

Students wishing to apply for support should follow these steps:

- 1 Fill in the application form and ask your supervisor to fill in their section.
- 2 Submit the application form (following the instructions at the end of the form).

You will be informed of the result of your application by Friday 9 October 2015. Note that early-bird registration closes on Sunday 1 November.

**\*\* DON'T FORGET \*\*** that you will also need to:

- 1 **Register for the conference**, via the conference webpage.
- 2 **Submit an abstract to the conference**, following the instructions on the conference webpage.
